

Hess Corporation continues to be a great supporter and sponsor of Bismarck State College. Their recent donation in the amount of \$50,000 will support additional equipment for several programs and non-credit training through the National Energy Center of Excellence. Partnerships with industry are vital to BSC and Bismarck State College would not be as successful without partners like Hess Corporation.

Dickinson High School hosted their first annual Academy Expo. The Expo highlighted how business can work with and provide expertito students in southwest North Dakota and also how schools can partner with business to give students career-based opportunities while in high school.
